# MONUMENTS!\_

# MONUMENTS.

An enterprise that has never before been in this part of the country is being opened by SMITH & KINGREY, formerly of Kansas City, who have had twelve years experience in manufacturing monuments.

The work will all be done at our shop in Dodge City, Kansas. We will make it to your interest to see us before buying.

Our Motto is lots of business, small profits and courteous

If you are needing work of this kind call on us, or write, and we will see you at your home. YOURS FOR BUSINESS.

such a work completed, but the simplest of us may name a few of them, because they are self-evident:

1. Drainage, to ease the overflow of the Missouri river in spring and summer, by which dwellers along the lower Mississippi have lost enough property to pay for this security drainage twice over, not to mention priceless live lost.

2. Irrigation, to divert this devastating water to the arid mesas and make the "Great American desert" to blossom to an extent beyond the wildest stretches of human imagination.

3. Navigation, to enable the teeming millions ultimately to occupy its contributory bounds, to send to market the yearly overproduction resulting from the irrigating, to the cultivation of a soil rich to the ut most limit of extravagance.

4. Power. Using the available sites that would necessarily result conclusion is a mathematical de from construction work for the locamonstration that they would win at tion of power-houses where will be the polls next November.
